

Provincial Schedule GST/HST Public Service Bodies' Rebate

Complete this schedule to determine the rebate amount that a public service body (PSB) can claim of the provincial part of the HST paid or payable on eligible property and services in the course of each of its activities.

A PSB must be **resident¹ in a participating province** to claim a rebate of the provincial part of the HST.

If a PSB is resident in more than one province, at least one of which is a participating province, calculate the rebate of the provincial part of the HST based on the extent to which the PSB intended to consume, use or supply the property or services in the course of the activities it carries on in each participating province in which it is resident.
