Keep your RL-14 slip for your files.

### Explanation of boxes and instructions

For **each year** you take into account a loss, deduction or tax credit in respect of a tax shelter, you must complete form TP-1079.6-V, *Statement of Losses, Deductions and Tax Credits Respecting a Tax Shelter*, and enclose it with your income tax return, along with the statement of your earnings from the tax shelter.

- Box A** Identification number assigned to the tax shelter by Revenu Québec. This number must be indicated in the upper right-hand corner of every statement of earnings from the tax shelter.
- Box B** Number of units acquired
- Box C** Cost per unit
- Box D** Amount of your expenditure in respect of the tax shelter, before subtracting the amounts in boxes E and F

- Box F** At-risk adjustment determined in your regard, respecting the tax shelter. The at-risk adjustment is the amount or the benefit to which you or a taxpayer with whom you are not dealing at arm's length is entitled, for the purpose of reducing, in whole or in part, the impact of any loss sustained in respect of the tax shelter, including a loss from the holding or disposition of the tax shelter.
- Box G** Amount obtained by subtracting the total of the amounts in boxes E and F from the amount in box D. You must use this amount to calculate (if applicable) your loss, deduction or tax credit respecting the tax shelter.
- Box H** Eligible amount of the gift entered on the donor's official receipt (if the tax shelter is a gifting arrangement). Do not claim the tax credit for the gift twice.
