In addition, losses must be carried over in the order in which they were sustained, from earliest to latest. The loss calculated in this Schedule can also be carried back to one of the three previous taxation years.

1 Losses

1.1 Non-capital loss

In determining the amounts to be entered on lines 500 through 509 in the "Income" and "Loss" columns, you must take into account the amounts on lines 64, 67 and 70 of the return. The amounts in question reduce the income or increase the losses to which they relate.

Amounts in the "Loss" column must be entered without a minus sign (-). Unless otherwise indicated, the line numbers given in parentheses below refer to lines of the return.

Add the investment income (or loss) (lines 50 through 52) **and** the gross-up of dividends not designated (line 83)
